FOUND WILDLIFE?

Free help is a scan away!

The Binky Burrow · Wildlife Support

Ran by permitted wildlife rehabilitators — helping wildlife finders all across the US.

We give you free wildlife education and, when you need more, one-on-one guidance to choose the safer next step and connect with wildlife-care help near you. We don't take in or transport animals — we help finders (and clinics) get wildlife to the right help, fast.

FREE EDUCATIONAL LIBRARY

40+ step-by-step guides for the moment you find wildlife:

- Baby birds & baby bunnies
- Injured or orphaned animals
- Wildlife in or around your home
- Skunks & daytime wildlife

How to use it: open the Library, pick your animal or situation, follow the guide. No sign-up, no cost — ever.

ASK BINX — FREE CHECKER

Not sure what you found? Binx, our QA Intern bunny, walks you through it:

1. Open the Library page
2. Tap the ASK BINX button
3. Answer "What did you find?"
4. Get guided next steps instantly

Made for common situations like finding orphaned/injured wildlife and explaining common conflict resolutions.
